ECONOMIC DEVELOPMENT UPDATES

City of Danville Director of Economic Development Corrie Bobe noted staff will bring to Council a request for a Moral Obligation. The City's Industrial Development Authority and Pittsylvania County's Industrial Development Authority were partnering on a building construction project which was a 30,000 square foot shell building in the Cyberpark. Staff has engaged Virginia Community Capital and the Virginia Small Business Financing Authority to finance this project; they were asking that both localities provide a moral obligation for this loan. The construction amount was \$2.87M, however, they have received a \$1M grant from the Tobacco Commission to go towards the project, so the permanent financing will be \$1.87M. It will be on RIFA property

but both IDAs will be constructing the building. Staff wanted to make Council aware of the request and will be bringing that back before Council for approval.

Council had no objections and agreed to put this on an upcoming agenda.

Ms. Bobe explained the City received a \$500,000 grant from the State to go towards environmental remediation of the covered pedestrian bridge that once connected the White Mill to the Long Mill property. The City should start to see some work being done to the pedestrian bridge; the lead and asbestos will be remediated, and the metal panels will be taken off that property. Staff will then engage an architect to begin a community engagement process, as well as the design on how to incorporate that bridge into the Riverwalk Trail system.

Ms. Bobe invited Council to their first community event related to the master planning of the Schoolfield District. Their consultants, WRT, will be in the City the week of October 25th to begin their evaluation and due diligence of the entire area of study. On the 28th in the evening, the City will be hosting the community at the Welfare Building, the former Schoolfield Museum, on the lot to the left. WRT's team will be there to explain to the community the master plan process, they will also be collecting ideas and information from the public about what they would like to see throughout that entire district. There will be vintage yard games themed after the 1950s, food and beverages, give away items, they will also have a sock hop, and a local vintage car club will bring some of their cars to display that evening. The area of study will include from the North Carolina line, entering into the City along West Main Street to the intersection of Memorial and West Main split, the commercial property between Memorial and West Main Street, they will also pull in the Mill Village and they were including a corridor study from the resort to the boundaries of the River District to make sure traffic flow was appropriate.

CLOSED MEETING

At 8:45 p.m., Vice Mayor Miller **moved** that this meeting of the City Council of the City of Danville, Virginia be recessed and that Council immediately reconvene in a Closed Meeting for the following purposes: Discussion or consideration of the acquisition and/or disposition of real property for a public purpose where discussion in an open meeting would adversely impact the bargaining position of the City as permitted by Subsection (A) (3) of Section 2.2-3711 of the Code of Virginia, 1950, as amended and more specifically to consider: Discussion regarding the sale and/or potential purchase of a specific parcel of property for use by prospective industrial, commercial and mixed use projects looking to locate to the City; and an Economic Development discussion and update concerning prospective business or industry where no previous announcement has been made and/or the expansion of an existing business or industry where no previous announcement has been made as permitted by Subsection (A)(5) of Section 2.2-3711 of the Code of Virginia, 1950, as amended and more specifically to consider: an update on multiple prospective commercial and mixed use and industrial projects considering locating within the City and the region.
