CONSIDERATION OF A SPECIAL USE PERMIT APPLICATION FOR AN AMENDMENT TO CONDITIONS TO ORDINANCE 2021-05.02 AT PARCEL 21481 (411 CRAGHEAD STREET)

Mayor Jones opened the floor for a Public Hearing regarding a Special Use Permit for Amendment to Conditions to Ordinance 2021-05.02. Notice of the Public Hearing was published in the *Danville Register & Bee* on February 22, 2025 and February 25, 2025.

Mayor Jones recognized Austin Bond, who stated he was there on behalf of Garrett Shiflett to answer any questions. Mr. Bond noted this was regarding circumstances discovered since the surrounding properties were purchased. They originally had seventy-two parking spots; twenty-four of those were now owned by others due to easements that were undiscovered when they purchased the property. Mr. Bond stated there were still seventy-two spaces, they were just now owned by different parties. No one further desired to be heard, and the Public Hearing was closed.

Council Member Vogler **moved** for adoption of an Ordinance entitled:

ORDINANCE NO. 2025-03.01

AN ORDINANCE GRANTING SPECIAL USE PERMIT APPLICATION PZ24-00655, FILED BY GARRETT SHIFFLETT, REQUESTING A SPECIAL USE PERMIT TO ALLOW A WAIVER OF MAXIMUM DENSITY AT PARCEL 21481 (411 CRAGHEAD STREET) IN ACCORDANCE WITH ARTICLE 3.L. SECTION C ITEM 13.

CONSIDERATION OF REZONING PARCELS 77304 AND 77314 (SELLARS ROAD) FROM S-R SUBURBAN RESIDENTIAL TO OT-R OLD TOWN RESIDENTIAL

Mayor Jones opened the floor for a Public Hearing regarding Rezoning Parcels 77304 and 77314. Notice of the Public Hearing was published in the *Danville Register & Bee* on February 22, 2025, and February 25, 2025.

Mayor Jones recognized Jeff McDowell along with his wife Heather, who stated his business partner in this project, Jim Farrugigo, was unable to attend. Mr. McDowell provided handouts to Council and noted he has lived in Danville his entire life, owned numerous businesses, as well as several residential properties; he and his business partner were looking to do more. They found this property six months ago and want to change the zoning for the purpose of getting more rental houses available. They were proposing sixteen single family homes, with three bedrooms, 3.5 baths, two story homes, around 1700 sf and the projected rent target was 1,600 to 1,800 per month. They were not for short term rental or lease; they were a minimum of a one-year lease.

Mayor Jones recognized Jeffrey Scott Jarrett, 166 Sellars Road, who spoke against the rezoning. Mr. Jarrett noted the road was only about fourteen feet wide in some places. They were not against building homes on Sellars Road but felt there was enough opportunity for the developer to make money on S-R zoning; to rezone it OT-R would be too many houses. Mr. Jarrett stated he believed this was spot zoning; all other parcels around there were S-R.

Mayor Jones recognized Danny Lewis representing the Lewis family who owned five properties on Sellars Road. Mr. Lewis stated he had measured the road in a couple places and it was between sixteen and seventeen feet wide. As it was now, when two vehicles pass each other, most of the time one has to pull over and let the other one go by. Moving in sixteen houses will more than double the houses on the road and more traffic.

Mayor Jones recognized a citizen who did not give his name who stated he thought putting houses on the property was a great idea, but sixteen was too many. Where the developer wants to put the road, was in front of his mother's home. A car parked on the outside of her road was thirteen feet, further up the road it was not that much and there was a blind side coming over the hill.

Mayor Jones recognized Lois Triplett, Sellars Road, who stated she felt sixteen houses was too many on that tiny street.

No one further desired to be heard, and the Public Hearing was closed.

Council Member Vogler **moved** for adoption of an Ordinance entitled:

ORDINANCE NO. 2025-03.02

AN ORDINANCE REZONING FROM S-R SUBURBAN RESIDENTIAL TO OT- R OLD TOWN RESIDENTIAL PARCELS ID 77304 AND 77314 (SELLERS ROAD)

The Motion was **seconded** by Council Member Saunders.

Mayor Jones questioned Renee Burton, Division Director of Planning, stating the Planning Commission passed this item 4-3, noted the conversations regarding the traffic, and asked why

March 4, 2025

the Planning Commission passed this. Ms. Burton noted there were conversations about the road and the condition of the road; that was an existing situation and was not something they believed needed improvement based on the projected housing for this particular development. The development itself was for sixteen houses, and staff did not believe it required a traffic impact analysis. It brings additional housing to the area, that was something that was needed within the City of Danville and ultimately the Planning Commission did vote 4-3 to approve. Mayor Jones noted when they said they wanted additional housing, the City was doing its due diligence with regard to the current structure of the neighborhood and traffic, and Ms. Burton noted that was correct. It has been reviewed, the street that they would actually do in the development would be built to current standards.

Council Member Campbell noted that it seemed like the major complaint was the street, was there was a plan to widen the street and Ms. Burton noted she was not aware of one. Rev Campbell asked the City Manager if it was possible for that to be done and Mr. Larking stated the City would have to see what kind of right of ways were available, and it would require more study. Rev Campbell noted in reference to the number of houses they plan on building, was it too congested and Ms. Burton stated it was not, the Planning Commission felt sixteen was appropriate; there would be 35 feet between each house.

Council Member Vogler noted the City talked about wanting a variety of housing options and to his knowledge this was the first project that came before Council for new housing that was specifically for rentals of single family homes and Ms. Burton noted that was correct.

Council Member Saunders questioned the number of houses being proposed, were there options available to widen that road, was there enough property there to widen it and if so, do they know if the owner would be amenable to the person trying to build the property. Ms. Burton stated she believed there was some opportunity within the right of way but that has not been discussed with any of the property owners along Cain or Sellars. Mr. Saunders noted he hoped that discussion could take place. Mr. McDowell noted there was not that much of that road to push on, but they have two entrances or two exits out of the development; the first entrance/exit was less than 200 feet to Route 58. Vehicles were not going to be passing on that route the residents were talking about; everyone will exit right onto 58 before anyone passed each other. Mr. Saunders noted if Council decided to ask the Planning Commission to look at this again and see if anything could be done with regard to widening the road, would that be possible, and Ms. Burton noted it was, if that was the desire of Council to send it back to the Planning Commission they will investigate that, do some research and work with the Engineering and Public Works Department.

Vice Mayor Buckner noted the new road that was going through there, what was the width of that and Ms. Burton stated the new road was a fifty foot right of way with a minimum of thirty feet of pavement. Mr. McDowell stated it was probably about 200 feet where it comes out, and it passes one house on each side of the road before getting to Route 58. Mr. Buckner stated it looked like there were no plans for Lot 11, was there a way they could cul-de-sac that. Ms. Burton stated Mr. Buckner's recommendation was to cul-de-sac Lot 11 which was on the north side, the connection between Sellars and Cain. Mr. Buckner noted the only portion they needed to widen would be the section that goes from the entrance of the project to Route 58. Mr. McDowell noted that was perfectly fine. Mr. Buckner asked if they could add that language to the Ordinance.

Mayor Jones stated he liked what Mr. Buckner was saying, to add that language, and Mr. Buckner stated it may be an appropriate middle ground for all parties involved. It will help the neighbors, the main flow of traffic will be in that first little section so the neighbors that live on the Cain Street side all the way down won't be affected until they get to the exit on 58 which will be twice as wide

March 4, 2025

as it was now; he thought that was a decent compromise. Mr. Hood asked if any of the residents on the Sellars Street side would be able to enter Sellars Street from their property, and Mr. McDowell noted no, they would have to use that street.

Dr. Miller made a **Motion** to send this back to the Planning Commission, that way it would not be rejected and could come back. Mr. Whitfield noted the next Planning Commission meeting that it would be eligible for would be April. Dr. Miller noted he just wants to get a plan to solve this problem. The Motion was to send this back to the Planning Commission to come up with a better plan on the street. The Motion was **seconded** by Council Member Saunders.

Mr. Vogler noted Mr. Buckner didn't make an official motion yet, but he liked what he was talking about, it sounded like there was solution there; Mr. Vogler noted he was not going to vote to send it back to the Planning Commission. Rev Campbell questioned whether in this motion to carry it back, that they have a clarity to see if the City was able to widen the road and Dr. Miller noted that was correct and that could be integrated into their plan. Rev. Campbell asked the City Attorney if it was possible to widen the road, the City wouldn't be able to use eminent domain for the land and Mr. Whitfield stated it was his understanding that the developer was volunteering Lot 11, the City would not be taking it. Mr. Saunders called for the question and Mayor Jones noted this was for Dr. Miller's motion to take this item back to the Planning Commission.

The Motion **FAILED** with the following vote:

VOTE: 3-5-1
AYE: Campbell, Miller, Saunders (3)
NAY: Hood, Jones, Mayo, Vogler, Buckner (5)
ABSENT: Whittle (1)

Vice Mayor Buckner noted he would like to make a **Motion** that Council agree to do what they talked about and have Mr. McDowell go back and redesign the exit for the Cain Street side with a cul-de-sac on Lot 11 and have staff explore the option of widening the road from the new proposed street from Sellars' Road to Route 58.

Mr. Whitfield noted that would be an amended motion to Mr. Vogler's original motion.

The Motion was **seconded** by Mr. Vogler.

Mayor Jones noted to Ms. Burton, Vice Mayor Buckner's motion was not to send this back to the Planning Commission and Ms. Burton noted no, she believed the motion was to rezone with the condition of eliminating Lot 11, creating a cul-de-sac and further research to widening the road from the development to Route 58.

Mr. Saunders stated the property owners would have to agree to sell their property to widen the road and Ms. Burton explained unless there was enough right of way; she did not know exactly what the existing right of way width was right now. It may be that the existing right of way was sufficient, that the City could just pave an additional width within city owned property without having to acquire any property from private ownership.

Mr. Vogler stated whether the street gets widened or not, there could be at least seven houses put on there without Council taking any action tonight and Ms. Burton noted that was correct and that would still include that fifty foot right of way connection. Mr. Vogler stated the widening the street won't be happening if Council sends this back, there will be houses built on there whether

March 4, 2025

it gets widened or not. If Council approves Mr. Buckner's motion, the cul-de-sac has to happen or the project doesn't move forward and Ms. Burton noted yes, in that motion. Mr. Vogler explained that was a concrete condition being voted that had to be met or the project doesn't move forward in this way. He thought this was a good middle ground, it looked at widening the street and if Council does not vote to approve this, the street may not get widened, and the difference was the owner will build seven houses with a narrow street leading into it. Vice Mayor Buckner noted they were only talking about 200 feet from Route 58 to the entrance of the project, and does not believe there was anything on the right hand side coming in there until getting to Mrs. Sellar's house. All they were doing was widening the road for 200 feet.

The **Amendment to the Motion** was carried by the following vote:

VOTE: 6-2-1
AYE: Buckner, Campbell, Hood, Jones, Mayo,
and Vogler (6)

CONSIDERATION OF AMENDING THE FISCAL YEAR 2025 BUDGET APPROPRIATION ORDINANCE FOR EROSION MITIGATION AIRPORT ENGINEERING SERVICES

Upon **Motion** by Vice Mayor Buckner and **second** by Council Member Mayo, an Ordinance entitled:

ORDINANCE NO. 2025-03.07

AN ORDINANCE AMENDING THE FISCAL YEAR 2025 BUDGET APPROPRIATION ORDINANCE TO PROVIDE FOR ADDITIONAL STATE AVIATION FUNDING FOR THE PURPOSE OF COMPLETING ENGINEERING SERVICES IN THE AMOUNT OF \$71,744 PLUS LOCAL SHARE IN THE AMOUNT OF \$7,972 TO BE PROVIDED BY A TRANSFER FROM UNDESIGNATED CAPITAL IMPROVEMENT FUNDS AND APPROPRIATING SAME.

was presented by its **First Reading**, as required by City Charter, to lie over before final adoption.

COMMUNICATIONS

There were no communications from the City Manager, Deputy City Manager, City Attorney or City Clerk.

Council Member Mayo noted hats off to Robert David and his staff with Project Imagine; last week they had a wonderful workshop where he talked about gang activity and violence within the City. His work in reducing the crime rate with the youth has been remarkable. Several Council Members attended, it was well organized, and thanked him for that.

Council Member Miller noted his congratulations to the GW Eagles Basketball Team for an outstanding season; they got to the tournament but were beaten by EC Glass. Hats off to Drew Herring the minister at West Main Baptist; the Saturday before last they prepared 2,800 breakfasts; volunteers packed the meals, and the breakfasts went to God's Storehouse. Dr. Miller noted Brenda Bowman of the Pittsylvania County Beautification Committee was working on a plan to help reduce litter in the County and believed the City needed to do the same.

March 4, 2025

Council Member Saunders noted he appreciated the discussion they had tonight regarding the road, the sixteen houses and the builder wanting to improve the City. As the City grows, they need to remember the people who may be affected by the change.

Council Member Vogler noted the City was currently putting together a page on the City's website where people who were interested in where the Casino money has been spent so far will be able to view that. Mr. Vogler noted people were interested in this information, and transparency was important to the City. Mr. Vogler stated he appreciated those who came to the Council meeting tonight so their voices could be heard. It was spring sports season with baseball and softball and he was at the GW Varsity and JV tryouts last week, and Middle School this week.

Vice Mayor Buckner wished his wife a happy birthday, they were able to celebrate her birthday this weekend, and a happy birthday to Anne Moore-Sparks.

Council Member Campbell noted the conference at the Institute was great, and praised Robert David for the hard work in putting that together. The City was moving forward.

Council Member Hood stated Tyree Barton did not get an official signing and noted his parents passed along a message that he had been selected to sign with Augsburg Centurions Professional Football Team in Germany, and there will be a celebration Saturday, March 8th at Straight Gate Apostolic Church.

Mayor Jones thanked Dr. Hairston and her team for practicing and promoting safety in the schools, having school virtual tomorrow because of the weather warnings, and encouraged everyone to be safe. It was a great meeting tonight with great dialogues.

The meeting was adjourned at 8:02 pm.
